NUMBER 71.

KNIGHTS OF LABOR.

New Organization Formed at Columbus, O.

INDEPENDENT OF THE PAST.

A Large Part of the Old Constitution is Eliminated So as to Give Local and District Assemblies More Latitude in the Management of Their Own Affairs. General Assembly Called.

COLUMBUS, O., Feb. 15.—The committee preparing the constitution for the Independent Order of the Knights of Labor completed its work last night. A large part of the old constitution is eliminated so as to give local and district assemblies more latitude in the management of their own affairs. The authority of the general ex-board to expel members and assemblies without the formality of a trial is abrogated.

The committee on credentials will be appointed by the general assembly instead of by the master workman. A new basis of representation in the general assembly is adopted similar to that in the United Mine Workers, one delegate for every 100 members or majority fraction thereof. Trades districts are to have full power to manage their own affairs without interference from general officers. A general assembly will be called not later than Jan. 1, 1896.

The following committees were appointed: Pick winning—J. A. Crawford, Illinois; John Hart, Indiana; Alex. Johnson, Ohio; George Wilson, Pittsburgh; George Harris, central Pennsylvania; Evan Daniels, anthracite region; Thomas Farry, West Virginia; John Dykes, Ohio; John Cox, Kentucky; Julius Frohm, Iowa.

Machine winning—Fred Dilcher and N. Purcell, Ohio; W. H. Danks and Cameron Miller, Pennsylvania; J. Gallagher, Indiana.

DIAMOND DUTY.

Claim That They Should Be Admitted Free Opposed by the Collector.

NEW YORK, Feb. 15.—A number of diamond importers called on Collector Kilbreth within the last day or two in reference to the recent decision of the United States general appraisers that diamonds are free.

Collector Kilbreth does not recognize the decision of the general appraisers as final, and will continue to impose the duty of 10 per cent on all uncut precious stones, and of 25 per cent on cut stones. A number of large dealers and importers of diamonds recently formed a company to carry on the business of diamond cutting in this country. They erected a factory in New Jersey, secured expert cutters and polishers, and now, just as they are ready to commence business, the general appraisers decided that all diamonds are entitled to free entry.

If this ruling holds, it means, they say, the total loss of all the money they have invested in the plant.

On the other hand, many importers would like to see it held, as they claim, with diamonds free from duty, the retail trade which now goes abroad would remain at home, as diamonds will be as cheap here as abroad.

Fat Jobs.

NEW YORK, Feb. 15.—Mayor Strong has appointed the following park commissioners: James A. Roosevelt, August D. Tuillard and George C. Haven. These are to choose a fourth commissioner who is to be a Republican. The mayor stipulates that the president of the board, who alone draws a salary of \$5,000 a year, shall be a Republican. As Mr. Tuillard, the only Republican of the three appointed, does not want the office, the fourth commissioner will be the president. All three are bankers. Tuillard is an Independent Republican and the others are Independent Democrats.

Two Carloads of Ghastly Trophies. TANGIER, Morocco, Feb. 15.—A detachment of Moorish cavalry has arrived at the town of Casa Blanca, a seaport of Morocco, on its way to Fez with some ghastly trophies of war for the sultan. These consist of two cartloads of human heads which had been obtained during a recent punitive expedition against the Rihannu rebels. They have been salted in order to preserve them and will be presented to the sultan in that condition. They will afterward be exhibited on the walls of Fez.

ISAAC P. GRAY DEAD.

Our Minister to Mexico Stricken Down.

FELL UNCONSCIOUS ON A TRAIN.

Carried to the American Hotel in the City of Mexico, Where He Remained Until He Died—How the News Was Received in Washington—Brief Biography of His Life.

CITY OF MEXICO, Feb. 15.—United States Minister Gray arrived yesterday via the Mexican National railway with a severe case of pneumonia. The Pullman car conductor found him unconscious in the morning. He was carried

from the train on a stretcher to the American hospital. Dr. Gray was called in but no aid could save him and he died a few hours afterward.

Isaac P. Gray was born in Chester county, Pa., Oct. 18, 1828. He was the son of John Hannah Gray. His ancestors all belonged to the Society of Friends, his great grandfather having emigrated from England with William Penn, and settled in Chester county. His parents moved from Pennsylvania to Urbana, O., in 1836. Thence to Montgomery county in 1839; thence to New Madison, Darke county, in 1842. There they died. Isaac Gray received a common school education, and being ambitious and of studious habits, he early entered upon the study of law. His poverty, however, compelled him to accept a clerkship in a mercantile house at New Madison.

Here his close application and strict integrity soon raised him to a partnership in the business, and in a few years he became sole proprietor in the establishment. In 1855 he removed his family to Union City, Ind., where he resided for many years and where, after successfully continuing the mercantile business for a few years, he entered upon the practice of law.

Mr. Gray was colonel of the Fourth Indiana cavalry in the civil war. He made a good record and remained until discharged on account of ill-health. Returned home he regained his wasted energies and reentered the One Hundred and Forty-seventh Indiana Infantry. In 1893 he was selected as the candidate for congress against Hon. George W. Julian, who had long represented that district in the house of representatives. After a close contest, he was defeated by about 300 votes. Two years later he was elected to the state senate, where he remained four years. In July, 1870, he was tendered the consulate at St. Thomas, West Indies, but Mr. Gray declined the honor. As a young man he was a member of the Whig party but acted with the Republicans during the war.

Since 1871 he has been an active member of the Democratic party, serving as a member of the Indiana delegation to the Liberal Republican convention in 1872. He was nominated by acclamation on the Democratic ticket for lieutenant governor, was elected to that honorable position in 1876 and was renominated for the same place in 1880 by the state convention. In 1884 Mr. Gray was elected governor of Indiana on the Democratic ticket and served his full term.

After retiring from that office he followed the practice of his profession in this city in partnership with his son, Pierre Gray, until he was called to the Mexican mission by President Cleveland about two years ago. In 1880 he married Miss Eliza Jaques of Dark county, O. They have two children living, Pierre, who is a lawyer in this city, and Bayard, who has been acting as his father's secretary in Mexico. Mr. Gray wielded a large influence in the politics, had an excellent judgment of men and things, was well balanced by knowledge and experience, and a handsome personal appearance and courteous address.

News Received at Washington.

WASHINGTON, Feb. 15.—The news of the death of Isaac P. Gray, United States minister to Mexico, was received with sincere expressions of regret in this city. He had previously been spending some time in Indiana at the bedside of a sick son.

Both sides have made concessions. The Guatemalan question is at last amicably settled upon an equitable basis between the two republics.

The boundary between the two countries will be definitely determined upon and a war indemnity is accepted by Guatemala, who will also pay damages for Mexican property destroyed.

Guatemala's acceptance of Mexico's conditions will arrive here next week, and will be immediately published in The Diario Oficial of the Mexican government. This will permanently terminate the famous imbroglio between Mexico and Guatemala.

Imprisoned at San Salvador.

The letter states McCarter's mechanical effects have been confiscated by the government and is under guard in the prison. He is prohibited from corresponding with any person outside the republic, according to the letter received here, which was written by a personal friend.

The entire family was poisoned, and its members nearly lost their lives. The old cook was arrested for the poisoning, but her confession to her mistress saved her from prosecution.

SAN FRANCISCO, Feb. 15.—The Evening Bulletin says that a complaint will be forwarded to Governor Budd, alleging that the large dock, owned by the state and leased to the Pacific Mail Steamship company, is gradually rotting through inattention. SENATE AND HOUSE.

Doings of Both Branches of the National Legislature.

THE CARLISLE BILL DEFEATED.

The Third Attempt of the Administration at This Session to Secure Legislation Looking to the Relief of the Treasury Failed in the House—Condition of the Treasury.

WASHINGTON, Feb. 15.—The third attempt of the administration at this session to secure legislation looking to the relief of the treasury failed in the house yesterday. First, the Carlisle bill for the reform of the currency system went down; next, the bill for the issue of \$500,000,000 of gold bonds, and the retirement of the legal tenders recommended in the president's special message, was defeated last Thursday by a majority of 27, and yesterday the house, by a majority even larger (47), refused to order to a third reading the resolution by which it was proposed to authorize the issue of \$65,000,000 of 3 per cent gold bonds to substitute for the 4 per cent 30-year coin bonds, sold by Secretary Carlisle under the contract with the Rothschild-Morgan syndicate.

The action of the house yesterday was the culmination of the exciting events which have occurred since the president sent his special message to congress, which resulted in the report from the ways and means committee of the resolution to authorize the issue of the gold bonds. A special order was brought in as soon as the house met in the morning, to bring the resolution to a vote at 6 o'clock at night. The debate upon the resolution, which lasted over five hours, was of an interesting, and at times, inflammable character.

The galleries were packed, and there was much confusion on the floor, but the interest centered in the course which the Republicans would pursue, it being conceded that the fate of the resolution rested with them. There was much maneuvering among their leaders. The Republicans west of the Alleghenies, led by Messrs. Hopkins and Cannon of Illinois, started off with impetuous speeches against a gold bond that would discriminate against the bonds already issued. Mr. Reed and his eastern friends sought in private conference to rally all to united action. His plan was to allow the resolution to go to a third reading, and then move to recommit it, with instructions to report back a bill similar to that which he offered as a substitute, for the gold bond bill last week, providing for 3 per cent coin bonds. For a time it seemed possible that this arrangement would be agreed to, but after a stirring speech of Mr. Hepburn of Iowa, the middle and western Republicans broke away, determined to defeat the third reading of the resolution, lest by some chance it might carry if it passed this parliamentary stage. The eastern Republicans then decided to support it.

The speeches of Mr. Wilson, Mr. Reed, Mr. Hopkins and Mr. Bryan were the feature of the debate.

Analysis of the vote shows that 89 Democrats and 31 Republicans, 120 in all, voted in favor of the resolution, and 98 Democrats, 63 Republicans and 7 Populists, 167 in all, against.

Senate Proceedings.

WASHINGTON, Feb. 15.—The senate voted yesterday to make no changes in the present railway mail system. The subject has been the chief point of contention of the postoffice appropriation bill. The bill, as reported, gave to the postmaster general complete discretion in expending \$3,200,000 for postal cars, and cut off the present fast mail line from north to south.

Proposed changes have created a lively discussion lasting several days, as they embraced a complete revolution in the present system. All of the amendments were defeated, however, by decisive votes. By similar votes, the senate sustained the present fast mail line from New England to the south. After a sharp debate the senate declined to extend the policy for subsidizing fast mail lines. The postoffice appropriation bill was not passed up to the time of adjournment. During the day the senate received the lengthy letter of Secretary Carlisle conveying the information as to the condition of the treasury in response to a senate resolution.

Treasury Statement.

WASHINGTON, Feb. 15.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$145,239,034; gold reserve, \$45,641,811.

The men were not killed, although they were seriously wounded.

A GOOD SUGGESTION.

The Kentucky Post makes the following sensible suggestions:

"Why not urge the construction of new railways, the opening of new coal and iron mines, the building of shops and factories, the extension of electric railways and the introducing of a thoroughly modern idea of business? Why do we not write more of our agricultural advantages and less of politics? Advise us to the world our advantages rather than disadvantages. Give more space to an agricultural exhibit or a county fair, and less to a lynching or the breaking out of the periodical feud. Discuss the probable chances of making a success of some commercial or industrial enterprise rather than occupy so much space with candidates for Congress who are wrong on the silver question. Let the Kentucky Press Association think of these matters."

As far as the BULLETIN is concerned it has always acted right along the line suggested by the Post, and that will continue to be its policy.

This Man Can Win.

[Louisville Critic.]

The Glasgow Times, in commenting on the coming race for Governor, says: "The Louisville Critic professes to believe that C. M. Clay is the only Democrat in the State who can harmonize the party and pulverize Bill Bradley. Like all other Irishmen, Dan O'Sullivan does dearly love a joke."

The Times misstates the case. The Critic did not say that Cassius M. Clay was the only Democrat in the State who could harmonize the party and defeat Colonel Bradley. Here is what it did say: The Democrats can not afford to put a weak stick of timber in their platform or party platform. What other candidate appeals to the plain people so strongly as rugged, honest, able Cash Clay—a farmer, a student of affairs, a blunt, obstinate, right-thinking gentleman? He, alone, of all the aspirants for Governor, can make the defeat of the Republican ticket a certainty.

In other words, the Critic meant that Watt Hardin, who is the only other candidate of prominence opposing Mr. Clay, can not bring the full vote, if there is anything like a defection at the dissatisfaction that is reported in the Democratic papers over the State. Mr. Hardin is a politician of the old school, always an office-seeker and nearly always an office-holder. He is not lacking in a certain tact that passes for talent in political circles, nor is he wanting in the capacity to mount the raging stump and spread his eagle-like pinions and sail through snail metaphors into the bosom of the blue empire. He is identified as closely as a man could be with what is known as the "State House ring." That implies the group of office-holders who have controlled the politics and the offices of the State for twenty years. The people are going to demand a change next year as the best prophets predict, then what is more likely than that they will turn their attention to those who have grown gray drawing salaries out of the Treasury without showing any preferment conferred upon them?

Cassius M. Clay is not much of a man for corporations because he has fought them most persistently. He has not the knack of spouting oratorical nothings. He is a sterner himself and he has always fought for the farming class unselfishly. He is a modest, firm and conscientious man who has convictions and who also has the courage to carry out his views. In the Governor's chair he would be a second Simon Bolivar Buckner, fearless and just. The Critic repeats, in spite of the humor that bubbles from the Glasgow Times at the mere mention of the fact, that unless there are other entries in the Governor's race, Cash Clay is the only candidate that can keep Kentucky in the Democratic ranks in 1895.

BETTER TIMES COMING.

A Leading New York Broker Believes Everything Points to an Improvement All Over the World.

New York, Feb. 12.—Wall street is on tiptoe. It expects much activity in all branches of trade. It is the barometer of business.

Frederick T. Brown, of H. L. Horton & Co., one of the leading brokerage and banking houses in New York, said today:

"In my opinion, everything points to better times and more speculative action throughout the world.

"In the autumn of 1890 (November 15) came the failure of the Barings. It was a disaster such as Europe had never known, and its effect has not as yet passed away, though the Baring debt has been wholly liquidated without loss to the creditors or the syndicate in the Bank of England that took it over. Since the final payment to the bank the speculative securities dealt in on the London Exchange have very much improved in price and demand, and a new speculation has been developed in gold mines; which has extended to Paris, Brussels, Berlin, Frankfurt and Vienna, until the largest business in years is now in progress in these cities.

"The conditions of the markets of the world are most favorable for advances. Never in this century has merchandise been so cheap as it is to-day. There is hardly any that is not selling in the raw state at a price much below the cost of production. For the past two months the business of the exchanges has been little more than the swapping of contracts between the room traders. In a word, any active and sustained demand for either merchandise or stocks would find the market practically clear.

"With the Fifty-fourth Congress in power I believe that one of the first acts of the new House will be the declaration that coin means and has always meant gold coin, and that under the declaration the bonds will advance to a premium, both here and in Europe; that will re-establish our credit, so that 24 per cent will be the utmost that our bonds will pay to the investor."

WOMAN SUFFRAGE A SUCCESS.

Common Objections to the Right of Franchise to Women Opposed.

Chief Justice Groesbeck, of the Supreme Court of Wyoming, in speaking of the effect of women suffrage in that State, says: "It has been weighed and not found wanting. It has tended to secure good nominations for public offices. The women, as a class, will not knowingly vote for incompetent, immoral or inefficient candidates. It has tended to make women self-reliant and independent, and to turn their attention to the study of the science of Government, an education that is needed by the mothers of the race. It has made our elections quiet and orderly. No rudeness, brawling or disorder would be tolerated at the polling booth. There is no more difficulty or indecacy in depositing the ballot in the urn than dropping a letter in the postoffice. It has not marred domestic harmony. Husband and wife frequently vote opposing tickets without disturbing the peace of home. Divorces are not as frequent here as in other communities, even taking into consideration our small population. It has not resulted in unsexing women. They have not been office-seekers.

"Women are generally selected as county superintendents of school, offices for which they seem to be particularly adapted, but they have not been applicants for positions. Equal suffrage brings together at the ballot-box the enlightened common sense of American womanhood. Both these elements govern a well-regulated household, and both should control the political destinies of the entire human family. Particularly do we need in this new commonwealth the home influence at the primaries and at the polls. We believe with Emerson that if all the votes are represented in our politics some of the virtues should be."

Maysville's Good Work.

Dover News: "Maysville has been doing a big work in the way of charity toward the poor of that place. Such sufferings among the deserving poor and the ready response to their call for help goes far to bring into prominence that 'one touch of nature that makes the whole world kin.' There are, no doubt, some deserving poor in Dover who should be looked after."

MATINEE AND NIGHT.

THE KELLEY-DAVIS NUPTIALS.

A Fleming County Gentleman Weds One of Mason's Lovely Daughters.

The marriage of Mr. Johnston Ross Kelley, of Fleming County, and Miss Margaret Hortense Davis, of Helena, was solemnized at the home of the bride's parents, Mr. and Mrs. Eugene Davis, Thursday afternoon at 2 o'clock. The ceremony was performed by Rev. Leonidas Robinson, pastor of the Helena M. E. Church, South.

The bride's costume of cream Bengaline silk, with point lace and pearl passementerie, was very handsome and becoming, and the lovely bouquet of Mareschal Neil roses added to the beauty of the bride. The groom wore the conventional black.

The bridesmaid, Miss Maud Downing, of Washington, wore cream silk trimmed in ribbon. Dr. Kelley, of Mayslick, acted as best man. The ushers, Mr. Will Metcalf, of Carlisle, and Mr. Will Robb, of Helena, were untiring in their efforts to accommodate the many guests present, while Miss Nancy Bland, of Shannon, very beautifully rendered the wedding march as the bridal party left the parlor and proceeded to the spacious family room, where the happy couple were united in the holy bonds of matrimony.

After the marriage the newly wedded, with attendants, Dr. Kelley and Miss Maud Downing, entered the carriage in waiting and were driven to Maysville, where they took the F. F. V. for Cincinnati and other points.

Quite a large number of guests were present to witness the nuptials and join in the hearty good wishes to the couple. A very valuable collection of presents was received by Mr. and Mrs. Kelley from their well-wishing friends.

The following were the guests from a distance: Mr. and Mrs. Wm. Pyles, Mayslick; Mr. and Mrs. James Pyles, Sardis; Mr. and Mrs. Luther Wheatley, Sardis; Mr. and Mrs. Wm. McClelland, Lewisburg; Mrs. J. M. Alexander and daughter, Lewisburg; Mrs. Vansant and daughter, Elizaville; Mrs. Hugh Campbell and daughter, Millersburg; Mr. Sam Throckmorton and Miss Kate Evans, Mt. Olive; Miss Daisy Christ, Hamilton, O.; Miss Mary Owens, Maysville; Mr. and Mrs. James Peed, Mayslick; Mr. James Bland, Shannon; Mr. Frank McClanahan and Mr. Robert Newell, Maysville.

Under the new system the cost of the twenty-seven inmates at \$60 will be \$1,620, which, with rent of the farm, makes a saving of \$1,455 per year.

GREENUP GAZETTE: "Judge Harbeson, by ruling at the last term of the Lewis Circuit Court, has placed a restriction, and a much needed one, too, on the practice of late much resorted to, by dissatisfied parties in matrimonial alliance, by applying to the courts for a release from the conjugal yoke. He has said that parties filing petition for divorce must, before judgement, pay the court officers their fees, or the clerk will not be required to enter judgement. This rule is in force in other States and will prove very advantageous to the officers here, as well as to society, by preventing so frequent resort to the court for divorce on frivolous grounds, and securing payment of fees when it is done."

THE LATE MRS. KEHOE.

A Noble Life Ended—Touching Tribute From the Winchester Democrat.

[Winchester Democrat.]

At her home in Maysville, Wednesday, after a brief illness, Mrs. Honora Kehoe, aged 76 years. She was a native of Ireland and a woman of very great force of character, which her children have inherited. Her eldest daughter is the wife of the first Vice President of the Illinois Central railroad. Another daughter is the wife of Mr. Charles Reed, of Mason County. Her sons have all attained eminence. Thomas is a prominent business man at Knoxville, Tenn. Will is official stenographer of Congress, Dexter is Superintendent of the Treasury branch of the Government Printing Office at Washington, Henry is a prominent physician and druggist at Flemingsburg, James, who was formerly foreman of the Democrat office, is now Chairman of the Democratic County Committee of Mason County and Master Commissioner of the Mason Circuit Court, Mark is a prominent man of Maysville and a few years ago declined the Presidency of the National Cigar-Makers Union of the United States. Mrs. Kehoe was one of the noblest and best types of womanhood in Kentucky. Of her it was said in his famous speech, nominating her distinguished son, Hon. J. Dexter Kehoe for Public Printer in 1882, by Hon. W. J. Hendrick, now Attorney General of Kentucky. "Left in the wilds of Lewis County, a widow with a large family of helpless children and with no portion save honor and brains, but endowed with a lofty character and indomitable will, a mother's boundless love, unaided save by the labors of her little ones, she reared them all to be men of mark and women of worth, and all, like herself, bread-winners in the battle of life." Of such are the salt of the earth and the kingdom of Heaven, and a glorious crown awaits her on the shining shores of eternity and with the meed of "Well done, thou good and faithful servant," enter thou into the joys of eternal rest.

JUDGE COLE is still confined to his home with rheumatism. He was able to sit up a short time a few days ago. He is thought to be improving, but very slowly.

At the State meeting of the A. P. A. in Lexington this week, quite a squabble arose over the election of President, according to the Press-Transcript. The P. T. says some delegate nominated a colored brother and this caused the rumpus. Several of the delegates renewed their wrangling in the hotel lobby, and one of them threatened to draw out of the order and give the whole thing away. The Transcript says Chief of Police Ort, of this city, poured oil on the troubled waters.

THE Louisville Courier-Journal says that there is some likelihood that Louis Marshall, the American who is being tried for treason by the Government of Hawaii, is a member of the old Kentucky family of his name. A Mr. Louis Marshall, a son of the late James Birney Marshall and a cousin of Mr. Humphrey Marshall, of Louisville, left Kentucky in the sixties with General Green Clay Smith, who had been appointed Governor of the Territory of Montana. In about 1875 Humphrey Marshall heard from him, and he was then in Silver City, Colorado. The last time any news was received he was in Silver City.

AMONG the indictments reported by the late grand jury in Montgomery County is one against Adam Baum, Mayor of Mt. Sterling, charging him with enticing the thirteen-year-old child of Henry Watson, a City Councillman, into his store and subjecting the child to indecent treatment. This alleged assault of Baum's is said to have occurred about the middle of last October, and for it Watson assaulted and severely beat Mayor Baum early in November. Baum is a prosperous merchant, a large property owner, and has a most interesting family. He and Watson had been fast friends until Baum's alleged assault upon the child. While Baum had the one indictment to his credit, Watson has four or more to answer as the result of the grand jury's work. One is for assault on Baum, two for illegal sale of whisky and one for obtaining money by alleged fraud.

CUPID'S SYRIAN CAPTURE.

Lovers From Mount Lebanon Wedded in the Mount City.

St. Louis, Feb. 15.—A courtship that began in the ancient town of Zahla, in the Mount Lebanon district of Syria, was consummated Wednesday evening by the marriage of Cecelia Bohandany and Elias J. Marsellani, at the Washington Avenue Presbyterian church. Rev. Dr. Brooks performed the ceremony that united the hearts and hands of the two Orientals, in the presence of a number of friends. A reception followed at the residence of Mrs. Harry Schevier, where the young couple will make their home for the winter. The groom is studying medicine. From early childhood the couple had shown each other their early friendship, which ripened into love as they grew older. Both belong to the aristocracy of their native country, and were Christians before they left the Orient.

BIG BOMB

Hurled Into the Office of the Buckeye Glassworks—Aimed at the Manager.

MARTIN'S PERRY, O., Feb. 15.—At an early hour Thursday some one at the Buckeye, where so much trouble has taken place, threw a dynamite bomb, loaded with slugs into the office, wrecking that portion of the building.

Manager Humphrey and one of the nonunion men sleeping in an adjoining room narrowly escaped death, as they were just on the point of opening the door leading to the office when the explosion occurred.

The force of the explosion shook the building within a radius of half a mile. President Seamon of the Buckeye glassworks, when he learned of the attempt to wreck the factory Thursday morning, at once announced his intention to give up trying to work, and will abandon the plant entirely. When working full, nearly 300 men were employed.

SCHOONER SUNK.

The Marion F. Sprague Goes Down Off Delaware Bay.

BALTIMORE, Feb. 15.—Captain Hawtett of the steamship Queensmore, from Liverpool, reports:

Tenth inst., a. m., rescued from a boat the crew of the schooner Marion F. Sprague, from Lambert's Point for Boston, with a cargo of coal, sunk by ice off Delaware bay. The crew (eight all told) died in the vessel's boat; two of them died in the boat from exposure. The men were picked up 100 miles east northeast off Cape Charles; 11th, at 10 p. m., 190 miles east northeast off Cape Charles, rescued the crew (eight all told) from schooner Alma Cummings, Cummings' master, from Port Royal, S. C., for Boston, with lumber, waterlogged and dismantled. Captain Hawtett brought the survivors of both vessels to Baltimore.

Corian Ministry Resigns.

LONDON, Feb. 15.—The Times has a dispatch from Kuba stating the the Corian ministry has resigned. A dispatch from Pekin to The Times says that the foreign ministers were given an audience by the emperor on the occasion of the Chinese new year. In addition to other ceremonial concessions, the ministers insisted upon being admitted to the palace by the front gate. The dispatch adds that the prospects of peace are hopeless.

Brooklyn Strike.

BROOKLYN, Feb. 15.—President Lewis of the Brooklyn Heights railroad said that about 200 of the strikers called on him yesterday and asked to be taken back. He said he would take them back as fast as he could make places for them, which would be in a short time. He put several of the men to work. President Norton of the Atlantic Avenue railroad said that about 15 or 20 old men had applied for work, but he had not put them to work.

Wreckage.

BOSTON, Feb. 15.—The description of wreckage ashore at Matinus, Me., from some vessel wrecked off Ragged island, leads to the belief here that the wreck is that of the brig Morning Light, Captain Quinlan of New York, which sailed from this port for Annapolis, N. S., Feb. 5 with a miscellaneous cargo, and is several days overdue. She carried a crew of five men besides the captain, all of whom are thought to have been lost.

Fell 750 Feet.

LEAVENWORTH, Kan., Feb. 15.—The dead body of Patrick V. Egan of the Sixth cavalry, at Fort Leavenworth, was found at the bottom of the Home coal mine yesterday. He had fallen 750 feet, and in falling had snapped a heavy girder and passed through the top of the cage at the bottom of the pit, cutting clean hole the size of the body through heavy oak timbers.

Family Burned to Death.

NEW CASTLE, Ky., Feb. 15.—The house of Frank Jones, near Dreunon Springs, caught fire last night while the family was sleeping, and Jones' wife and two children were burned to death. Jones was so badly burned that he will not recover. The charred bodies of Mrs. Jones and the two children were found this morning.

Coal Mine Flooded.

BEVER, Mo., Feb. 15.—The Black Diamond coal mine, employing over 100 miners, was flooded yesterday by a break from the workings of an old slope which was full of water. The miners barely escaped with their lives, leaving behind all their tools, clothing, etc. The damage is not yet known, but it will be heavy.

Preferred Death.

SHANGHAI, Feb. 15.—It is reported that Admiral Ting, the Chinese naval commander, and the general commanding the Chinese forces on the island of Liu-Kung-Tao, in the harbor of Wei-Hai-Wei, have committed suicide.

They Will Hang.

JEFFERSON CITY, Mo., Feb. 15.—Governor Stone has declined to interfere any further in the application of Jacob Henze and Henry Kaiser, who are condemned to hang in St. Louis Feb. 21.

MT. OLIVET.

Matters of Interest Detailed by the Bulletin's Robertson Representative.

Judge Downing is in the city this week selling tobacco.

Mrs. Armstrong will move to her farm, near town, in the spring.

Turner, the teamster for J. R. Linville, was badly kicked by a horse.

Forest Brown and Jesse Bratton will move to the country next month.

The pensioners are happy. Their quarters has arrived on schedule time.

Christman, the photographer, will open a gallery at Augusta in the spring.

J. M. Rankins, our affable "bus man," will rent property and move to Olivet.

Marion Buckler has been in attendance at Nicholas Circuit Court the past week.

Cole Collier, of flootown, was here Wednesday. How would Cole do for Representative?

The famous Workman horse has been sold to a Western party. What will Robertson do for a racer now?

The pupils of Prof. Dick Young's school at Abigail will give an entertainment Friday and Saturday nights.

For a full and reliable epitome of the local news of this section read the Mt. Olivet department of the BULLETIN.

B. Ogden and J. B. Hamilton, of Milford, were here Tuesday. It was "Buck's" first visit to Olivet in twelve years.

J. J. Osborne, of Lexington, arrived Wednesday evening on a business and professional visit to his old stamping-ground.

Wm. Dayton and son, Squire, have rented the butcher shop of the late John Armbruster and will open a meat store shortly.

It is said the depositions in a divorce suit now destined to be hotly contested by both plaintiff and defendant are extremely rich.

The camp ground will not lack for ice at the meeting next summer. A large quantity has been gathered and stored on the grounds.

A. H. Brooks is building a large and commodious residence on Walnut street. It is the only building now in course of erection in Olivet.

The next move in town will doubtless be the formation of a "400" society. The infusion of Tedpole's famous classics truly worketh mammoth wonders.

Married, February 13th, at residence of W. H. Wilson, bride's father, on Ogden Ridge, Orlando McCracken, of Bourbon County, to Miss Aggie Wilson, Rev. Cyrus Riffe officiating.

The county bonds are not going as badly as in times past. H. L. Wilson recently purchased \$5,000 worth and Hon. E. Kenton \$1,000. Mr. Kenton will take several thousands more.

J. F. Cooper has been recommended for appointment as postmaster at Abigail, the incumbent having resigned. The salary is about \$10 a year. There will be no scramble for this position.

Clifton Myers is one of the shrewdest business men of the age. His latest scheme to attract patronage is a plot of "Olivet" showing streets and alleys, the location of business houses—and the crowds all wending their way to his own house.

Col. John F. Morgan, of Carlisle, is the latest spoken of as a candidate for Representative, and it is stated in the positive that he will be a candidate for the Democratic nomination. He is a lawyer of several years standing, and served a term as County Attorney of Harrison County. So far he is the only one who has shown a willingness to enter the field.

Replying to the "Olivet" reporter's personal fling at his sign in the Public Ledger of 12th inst. Colonel Osborne says stranger things have happened; "for instance, if the aforesaid reporter had not stuck his unsightly and caudal appendages above the surface the world would have never known that a disjunct member of the long-eared, braying gentry was running at large on our streets."

Another Richmond is spoken of for the post-mastership, this time C. B. Riggs, senior editor of the Tribune-Democrat. Cole, in addition to his many good and commendable qualities, is a hustler, and if something now unforeseen is not among the happenables he may get there with both feet. He is a steady, quiet, industrious young man, and his qualifications can be truly classed first-class.

"Uncle Tom's Cabin."

"Uncle Tom's Cabin" will never grow old. There runs through it a vein of pathos peculiarly touching and sweet. It speaks the universal language of the heart. It reflects like a prism the innermost phases of human emotion. It is more than a play. It is a moral classic. It argues for two of the greatest themes that can engage the mind—human liberty and immortality of the soul. Like the kiss of a child, it conquers by the very innocence of its breath. In the character of Eva it is unique. Who does not cherish in memory some sweet angelic child, who seemed to touch this earth only as a transient visitor, who passed away with the dew of childhood's morning—too good, too pure for us? The concluding scene in this picturesque drama has perhaps taxed the skill of the painter and the mechanic more than any other spectacle of which the stage can boast. It is not flattery to say that the "Beautiful Gates Ajar" is one of the most entrancing spectacles ever witnessed in this city.—Philadelphia Press.

Washington Opera House, matinee and night, to-morrow, February 16th.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

It was reported this morning that a man was drowned a few miles below Maysville yesterday afternoon while crossing the river on the ice, but the report has not been verified.

KENTUCKY DEMOCRATS.

County Primary Conventions Will Be Held on June 17 to Select Delegates to State Convention.

The annual meetings of the Democratic State Central Committee and the Democratic State Executive Committee were held Wednesday at Louisville.

The convention dates decided upon were Precinct conventions June 15; County conventions June 17, and State convention, June 25. This is claimed as a decided victory for Cassius M. Clay, Jr., over P. Wat Hardin in the Governor's race, Clay desiring precinct conventions and Hardin opposing them. But General Hardin expresses himself as entirely satisfied.

Hanson Kennedy, of Carlisle, was elected a member of the State Central Committee, vice Green R. Kellar, a candidate for Railroad Commissioner. Wilbur F. Browder, of Russellville, and Murray Hubbard were chosen members of the State Executive Committee, vice D. C. Walker, deceased, and W. H. Gardner, a candidate for State Treasurer.

There was a great deal of enthusiasm and feeling of harmony, many prominent Democrats being in town.

Gold speeches made by Rozel Weissinger and Richard W. Knott were well received, and while no financial plank may be inserted in the State platform, the majority of the Democrats assembled at the club apparently favored a single standard.

SPENCER WALKER was granted a divorce Thursday from Mary C. Walker.

The electric thrill of health

is never felt by those who are run down—out of sorts—poor in blood—badly nourished—dyspeptic. That would be impossible, and so the delight of living is lost!

Brown's Iron Bitters

brings weak people up to the standard of health—feeds the blood—acts on the nerves—strengthens the muscles. It brings the blush of youth to weary women's cheeks—is a boon to the invalid—refreshes and renews life in the aged—nourishes the weak, puny child—briefly said, it gives strength, and strength cannot exist without perfect health. It is a necessity in every family. It does not injure the teeth or cause constipation.

It's Brown's Iron Bitters you need!

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
